70 picture album is approximately \$1650

This is a beautiful, leather bound album containing hand-printed photographs. The craftsmanship of the book is unsurpassed and my printers have years of experience behind them resulting in an album of outstanding quality. This album is a classic: one that will never go out of style. It is very customizable and there are several options for size, cover material, and the color of your pages.

THE PROCESS

The first step is for you to edit your choice of pictures to a manageable amount of anywhere between 40 - 200.

Once we have met to discuss the layout I will send you a first draft via email. You may ask me to change the layout as much as you wish.

Once you are happy with the final draft it takes about 8 weeks for you to receive your final album.
